Site Description: The Garlock Klozures Site consists of the western-most 7 acres of the 142 acres owned by Garlock having Tax Parcel Number 6411-00-839937. The Garlock-Klozures site is beyond the historic limits of major facility operations, and was used primarily as parking space. However, its proximity to the rest of the facility and associated potential contaminant sources raised the possibility that contamination may exist that might complicate redevelopment of the Klozures site. Garlock manufactures gaskets, oil seals, compression packing, hydraulic components, mechanical seals and expansion joints. Garlock has been the owner and operator of the Site and had continuous industrial operations at the Site for about 100 years.

A metes and bounds description of the property subject to this Certificate is attached as Exhibit A and a site survey is attached as Exhibit B.
